WHAT'S NEW IN STEEL MILL LUBRICATION

Protect your lubrication system from the harsh environment it operates in **with enclosures**.

Custom enclosures and panels protect your system and include assembly of your system allowing for "plug-and-play" installation.

Protect mechanical and electrical components from dust, dirt, oil, water, and other contaminants.

BIJUR DELIMON® INTERNATIONAL

PROVEN QUALITY, RELIABILITY & ACCURACY.

Bijur Delimon is the market leader in plug-and-play automatic lubrication systems. Enclosures are designed to house and protect mechanical and electronic components from harsh environments, for use in installations where dust, dirt, oil, water, or other contaminants are present. All enclosures include subpanels and assembly of your system mounted inside the enclosure.
